

Interdisciplinary Graduate Program in  
**Molecular & Cellular Biology**

*Fall 2015 Workshop & Seminar Series*

**"Changes in Pol II pausing may enable survival of severe cellular stress"**

**David Price, PhD**  
Professor of Biochemistry  
University of Iowa

**"A polarizing environment: Wnt signaling drives asymmetric cell division in *C. elegans*"**

**Bryan Phillips, PhD**  
Assistant Professor of Biology  
University of Iowa

**Thursday, September 10**  
**4:00 - 5:00 PM, 1289 CBRB**
